### **- Concept : BENEFICIAL OWNER INFORMATION -**

This is to certify that **M.S.Co., Ltd.**, a corporation duly organized under the laws of the Republic of Korea, has identifiable beneficial owners, and such information will be provided directly in the corresponding sections of the supplier registration form or upon request.

The company does not fall under any exception categories listed (non-profit entity, foundation, or publicly listed company).

Therefore, the reason for not attaching a list of beneficial owners in this specific section is that the information is already provided through other required fields of the registration process, and a separate list is not applicable here.

This certification is issued solely to comply with the system requirement requesting an attachment in the field titled:

**“Reason why beneficial owner information is not shared.”**
